- birthday.
- 2-US/Canadian born students born in 1980 or later; All foreign born students regardless of year born; First dose must be after first birthday. History of disease not accepted.
- 3-One dose of Tdap after 10th birthday is required for all students; Td booster needed only if > 10 years since last Tdap or Td.
- 4-Hepatitis B vaccine or Hepatitis A-Hepatitis B (Twinrix) vaccine accepted. 0, 1, and 6 month schedule preferred.
- 5-Vaccine required for all students under age 22. If vaccine given before 16th birthday, a booster dose on or after the 16th birthday is required. This is not the same vaccine as the Meningococcal B vaccine (see recommended vaccines page).
- 6-Upload antibody titer reports; must be on lab letterhead or printed from an electronic medical record; must be in English and include definitive lab values with reference values. Lab/serologic evidence indicating immunity may be used in lieu of injections to verify immunity if immunization records incomplete.
